EDUCATION

Brandeis University, School of Business and Economics **Waltham, MA**
Master of Science in Business Analytics (STEM-Designated) - GPA: 3.71 *Aug 2025 – Dec 2026 (Expected)*

Temple University, College of Liberal Arts **Philadelphia, PA**
Bachelor of Arts in Psychology - GPA: 3.63 *Aug 2019 – May 2023*

WORK EXPERIENCE

Brandeis University
Graduate Assistant - Office of Academic Affairs **Sep 2025 – Present**
- Partnered with Academic Affairs SMEs to gather complex course requirements and translate them into scalable curriculum guides
- Developed comprehensive onboarding documentation and instructional resources supporting seamless access for 200+ users
- Resolved 40+ weekly faculty and student platform petitions while maintaining strict SLAs to drive educational platform support
- Provided hands-on technical support to resolve user friction and recurring access blockers, ensuring high customer satisfaction

Uplifty AI (Early-Stage B2C Mobile Application)
Product Management Intern **Jun 2026 – Aug 2026**
- Decreased critical defects by 88% by managing UAT defect triage in Jira, escalating blockers with proposed resolution paths
- Achieved 60% on-time milestone delivery by defining user stories, leading feature testing simulations, and running sprint reviews
- Built Supabase-to-Power BI dashboards tracking waitlist acquisition funnels, driving 400+ pre-launch signups in one month
- Established pre-release gating checklists and verification tests, auditing app permissions and rollout compliance protocols to achieve zero post-release rollbacks

Norban Group (Large-Scale Export Apparel & Textile Manufacturer)
Supply Chain & Operations Analyst **Jun 2024 – Jun 2025**
- Reduced material waste by 15% through partnering with line supervisors to match remnant fabric to cutting specs in MySQL
- Shortened production lead times by 20% by authoring Python scripts to scan inboxes and automate buyer-spec signoffs
- Cut response delays by 40% by building weekly Tableau dashboards to flag critical bottlenecks for plant managers
- Audited ERP fulfillment logs to identify recurring delays, defining functional requirements and Jira tickets for developers

BRAC: Institute of Educational Development (Global NGO & Research Institute)
Learning and Development Analyst **May 2023 – Apr 2024**
- Facilitated operational workshops for 200+ educators from underserved communities, lifting delivery adoption by 25%
- Synthesized user assessment data demonstrating a 35% gain in learning retention, guiding future training material enhancements
- Standardized reporting frameworks across 15+ initiatives to improve milestone tracking for UNICEF and Gates Foundation

PROJECTS

Healthcare Operations & Claims Intelligence | *R, SQL, Process Mapping*
- Analyzed $700M+ in hospital claims to evaluate reimbursement trends across Commercial, Medicare, and Medicaid
- Redesigned Prior Authorization workflows to resolve documentation bottlenecks, reducing turnaround time from 5 days to <4 hours

Quant. Finance Analytics Platform | *Python, NumPy, SciPy*
- Built a Python quantitative engine to model U.S. Treasury yield curves and optimize portfolio asset allocation
- Valued equity options by benchmarking Black-Scholes, Binomial trees, and Monte Carlo simulations

SKILLS

Business Analysis: Requirements Gathering, Process Mapping, Continuous Improvement, Power BI, Tableau, KPI Tracking
Programming & Databases: SQL, Python (Pandas), RStudio, Relational Data Modeling, Data Validation
Operations & Systems: Defect Triage & QA Testing, Milestone Tracking, Jira, Workday, Slate, Advanced MS Excel
Relevant Coursework: Healthcare Data Analytics, Advanced Data Analytics, Machine Learning, Applied Econometrics
